FRED. C. BOLTZ.

The only Lottery of any State in the Union indorsed by a vote of the people. Club Rates, 55 One Dollar Tickets for $50.

FORT WAYNE CITY

AND

ALLEN COUNTY

DIRECTORY

1889-90.

CONTAINING

AN ALPHABETICALLY ARRANGED LIST OF BUSINESS FIRMS AND PRIVATE CITIZENS IN FORT WAYNE, MONROEVILLE AND NEW HAVEN—A MISCELLANEOUS DIRECTORY OF CITY AND COUNTY OFFICERS, PUBLIC AND PRIVATE SCHOOLS, CHURCHES, BANKS, INCORPORATED INSTITUTIONS, SECRET AND BENEVOLENT SOCIETIES, ETC., ETC.—A CLASSIFIED LIST OF ALL TRADES, PROFESSIONS AND PURSUITS—A FARMERS' DIRECTORY OF EACH TOWNSHIP IN ALLEN COUNTY.

SOLD ONLY BY SUBSCRIPTION.

VOLUME XII.

R. L. POLK & CO., PUBLISHERS,

40 TO 44 LARNED STREET WEST, DETROIT, MICH.

For List of Publications, see Page 11.

Entered according to Act of Congress, in the year 1889, by R. L. Polk & Co., in the Office of the Librarian of Congress, at Washington, D. C.

INTRODUCTORY.

It is with pleasure that the publishers present this, the twelfth volume of the Ft. Wayne City and Allen County Directory, to its patrons and the public. Since its inception, much labor, enterprise and money have been devoted to this work, and every year the publishers have still further enlarged and improved upon preceding volumes, until, in the present issue, is exhibited the best and most thorough results, and an arrangement, correctness and fullness of detail never before surpassed; and a review of its varied contents will show that nothing has been omitted that experience and expert knowledge, acquired by exclusive attention to works of this class, could contribute to make it complete, comprehensive and reliable.

The first 55 pages are devoted to useful miscellaneous information relating to the city and county in general, comprising a street and avenue guide, lists of city and county officers, fire department, churches, schools, banks, railroads, incorporated institutions, miscellaneous institutions and societies, newspapers, secret and benevolent societies, etc. Succeeding these, are 458 pages containing an alphabetically arranged directory of all the inhabitants of the city, followed by 76 pages containing a list of all persons engaged in business or the professions, classified under their respective callings. Immediately succeeding this are 14 pages containing an alphabetically arranged list of all persons in the towns of Monroeville and New Haven. The remaining pages contain name, number of section, number of acres, assessed valuation of same, name of township, and postoffice address of all farmers, etc., in Allen county.

This edition of the Ft. Wayne City Directory shows 15,572 names, which, with the multiplier of three persons to one directory name—the lowest used in any city in the United States—gives a total population of 46,716. Sincere thanks are tendered to those who, by their patronage and support, materially aided and encouraged the publishers in their work, and also to those who kindly assisted in collecting the information required in the preparation of this volume; and, in conclusion, the publishers would say, that in due time the thirteenth volume of the Ft. Wayne City and Allen County Directory will be issued, and that nothing shall be wanting on their part to maintain the high standard already attained, and they confidently hope to meet with the recognition the work deserves.

RATES OF FARE,

AS ESTABLISHED BY CITY ORDINANCES, RELATIVE TO PUBLIC CARRIAGES.

Sec 7. The prices to be charged by the owner or driver of any vehicle, except an omnibus, for the conveyance of pas-

sengers for hire, within said city, shall be as follows, to be regulated and estimated by the distance on the most direct routes, namely :

For conveying a passenger not exceeding one mile.....$ .50
For conveying a passenger any distance over a mile and less than two miles..... 1.00

For conveying children between five and fourteen years of age, half the above prices may be charged for like distances, but for children under five years of age no charge shall be made, unless such child is the only passenger, in which case full charge may be made.

The distance from any railroad depot or hotel to any other railroad or hotel shall, in all cases, be estimated as not exceeding one mile.

For the use of coaches drawn by two horses, with one or more passengers, by the day..... $8.00

For the use of any vehicle by the hour, with one or more passengers, with the privilege of going from place to place, and stopping when required, as follows :

For the first hour..... $1.50
For each succeeding hour..... 1.00

Every passenger shall be allowed to have conveyed upon such vehicle, without charge, his ordinary traveling baggage, not exceeding in any case one trunk.

Sec 13. Any person who shall violate any or either of the provisions of this chapter, or any section, clause or provision of any section of this chapter, or who shall fail or neglect to comply with any or either of the requirements thereof, shall, upon conviction, pay a fine of not more than one hundred dollars.

CAUTION.

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting moneys in advance. BEFORE SIGNING AN ORDER, SEE THAT IT HAS THE NAME OF R. L. POLK & CO. PRINTED THEREON. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.

MONROEVILLE.

Is a thrifty, incorporated town of 1,300 inhabitants, located in Monroe township, Allen county, on the P., Ft. W. & C. Ry., 16 miles southeast of Fort Wayne, the county seat and banking town, and 140 northeast of Indianapolis. Monroeville was incorporated in 1863, and is supplied with 4 churches —Methodist, Lutheran, Christian, and Catholic—a graded school of 5 departments, 1 hotel and a weekly newspaper—*Breeze*. Two saw mills, stave and heading works, brick yard, flour mill and tile works, comprise the principal manufactories. The surrounding country is well timbered. Brick, drain tile, lumber and produce are the chief exports. Exp., Adams. Tel., W. U. Edward Finan, postmaster.

OREGON

The great, new and flourishing State of Oregon offers to the immigrant more substantial inducements for settlement than any of the Eastern States, and to ignorance of its vast resources, the productive quality of its soil, and its mild, delightful climate, may be attributed the fact that so much of its area is still without cultivation. It is being rapidly filled up now, and a decade hence the value of its land and products will have more than doubled.

WASHINGTON TERRITORY

Lying next to Oregon, is also one of the most prolific sections in the Great Northwest, and it is a matter of no small significance that its yield of Wheat, Barley, Flax and Hops for 1885 was nearly double what it was in 1884, and that the products brought a much higher price.

Oregon and Washington are the only two sections in the United States which produced full crops for 1885. See Government statistics.

It Will Pay Every Progressive Farmer

To examine into the advantages of Oregon and Washington, and even if you have no thought of changing your home you should write to one of the undersigned for information, as you should not be ignorant of what this section can produce.

The **Oregon Railway & Navigation Company** furnishes facilities for reaching all portions of the country, and offers special low rates to immigrants. Write to

GEN. T. R. TANNATT, General Land Agent. FARMINGTON, W. T.

or

A. L. MAXWELL, Gen'l Pass. and Ticket Agent, PORTLAND, OREGON.

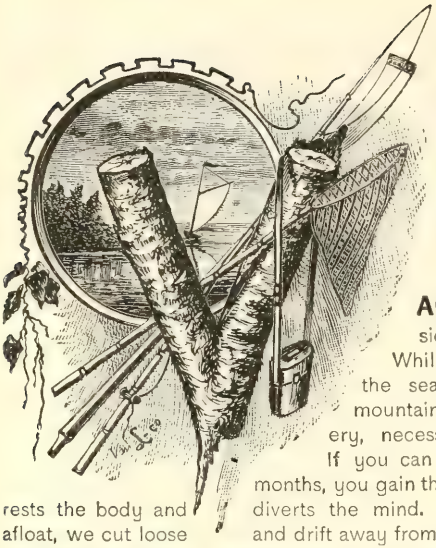
The Pacific Coast Needs People to Cultivate Nature's Bounty.

The story of Picturesque Mackinac has caused thousands of strangers to visit our Northern Lakes. Its truthful pictures by both pen and pencil excite wonder and admiration. The original design, embracing both illustrative and typographical features, has recently been much improved, and the revised edition now in press,

A copy of the work will be forwarded on receipt of 5 cents in stamps to pay postage.

A synopsis of the book, under title of "Midsummer Voyages on Northern Seas," containing additional routes and rates, mailed free of charge, on application.

will certainly prove the most powerful exponent of the Great Lakes ever published; while as a tourist guide it is unrivaled, as it both interests and instructs. Address **E. B. WHITCOMB,** General Passenger Agent, **DETROIT MICH.**

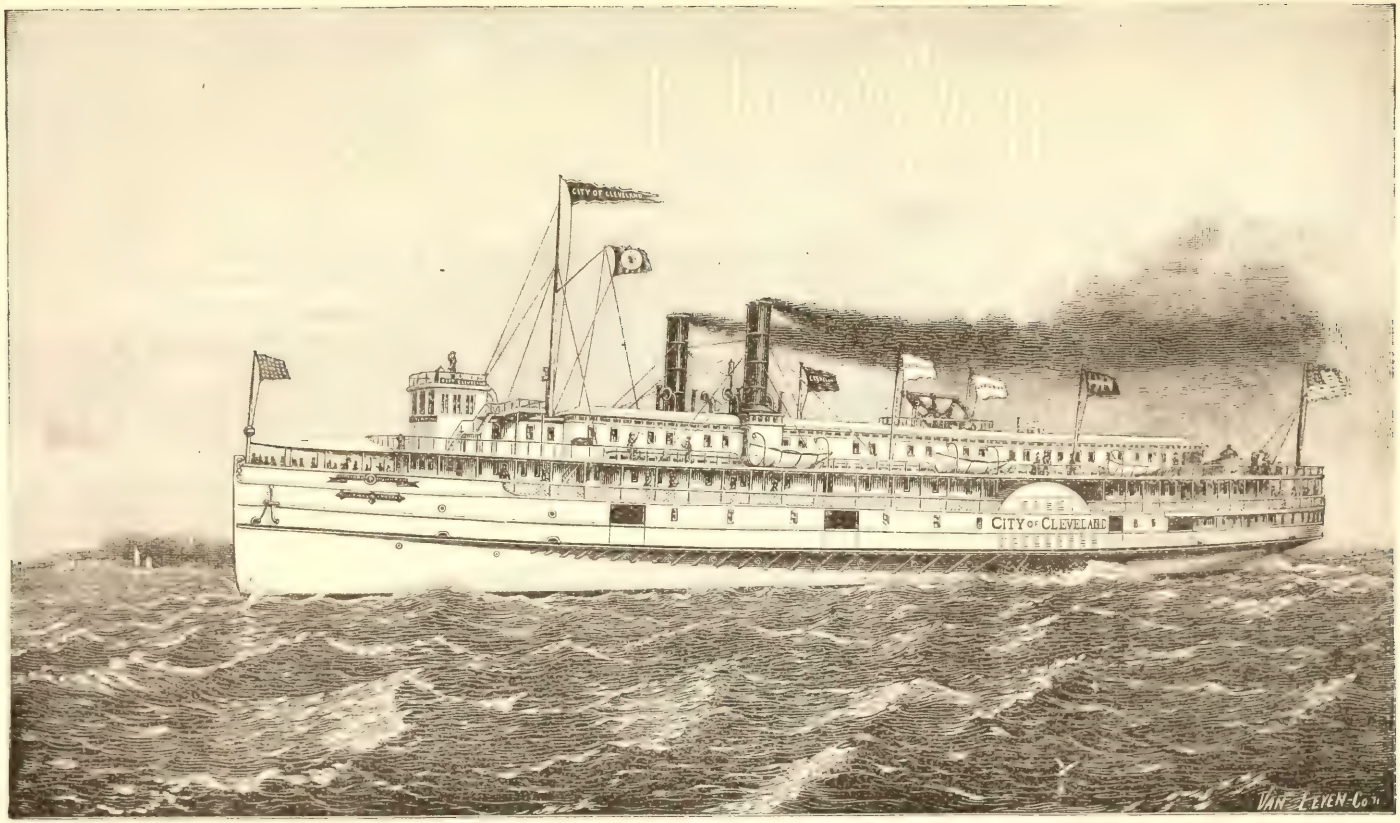


ACATION is a cessation of work, and a diversion of the mind into new and pleasant channels While it may seem like idleness to loll around at the seashore, the country farm or among the mountains, it is a repairing and oiling of the machinery, necessary to the better accomplishment of work. If you can find rest and recreation during the sultry months, you gain thereby. A water trip best quiets the nerves, rests the body and diverts the mind. We leave carping cares behind as soon as afloat, we cut loose and drift away from worries and anxieties of office, study, workshop and household, are interested in the changing scenes and in the enjoyment of solid comfort, float lazily and dream. We revel in the freedom, the dolce far niente, the pure, bracing air, the beauties of sky and sea, watch with fascination the leaping spray at the steamer's bow, fall to noting the ever-changing billows, and enter into projects for amusement started by others, or, originate them ourselves with the zest of a child.

On board a steamer we live a new, novel and fresh life, such as is never experienced on land. To those who enjoy great Nature's work, we would say:

Mackinac Island is among the grandest and most romantic of spots. Visitors are voluble with story and legend of every bold cliff and cave and fallen rock around the island, and many a pencil, brush and camera are brought to bear on the wonders found. Every section of the country sends visitors annually. The invalid is attracted by the wonderful purity of the atmosphere, the climate being noted as a sanitarium for hay fever and bronchial affections. Great numbers visit this region to escape from or get relief of these maladies; many experience an improvement on entering Lake Huron. No other resort possesses such entertaining features. The surrounding country offers endless attractions to the adventurous. Gamey fish lurk in all the inland lakes and rivers with which the State of Michigan abounds. Its forests are the hiding places of furred and feathered creatures, which afford fine sport.

Mackinac Island is reached by the Detroit and Cleveland Steam Navigation Company, by the pleasant lake route, with a splendid line of palatial iron steamers, the largest, swiftest and most luxurious on fresh water, forming the only comfortable route to this island resort. These floating palaces were recently built especially for the summer tourists' travel The forward and after saloons, in mahogany and walnut respectively, are magnificently appointed and tastefully decorated, and their elegant rooms and parlors are replete with modern improvements. The lower saloons are devoted to dining halls, which entirely separate the culinary departments from the main saloons, a desirable feature only possible on these large side-wheel steamers. Their bill of fare, which is equal to that of any first-class hotel, includes all the luxuries of the season, and the price charged barely meets the outlay. Berths are in rooms, an upper, single width, and a lower, double width, in each, are furnished with wire and hair mattrasses and Pullman blankets. These steamers have water tight compartments, and their feathering paddles give unusual speed, without jar or noise. This water trip cannot be excelled anywhere, and the round trip affords a daylight view of all the route. No more comfortable place can be found outside of one's own home in which to spend the sultry days, than on board these splendidly appointed steamers. The changing scenes and fresh, bracing air, will benefit many who vainly seek relief at physicians' hands and physicians urgently recommend this particular trip.



Detroit and Cleveland Steam Navigation Co.'s New Steamer City of Cleveland

These steamers stop at the island both ways, giving those who wish to return on the same trip, from four to six hours in which to view the curiosities and wonders, or, you can return by one of them every thirty-six hours. Tickets for transportation can be procured from any ticket agent. Round trip tickets are good for the season. The round trip occupies four and one-half days from Cleveland, or two and three-quarters days from Detroit. The few landings made en route are just sufficient to interest without being tedious. Some of your neighbors have certainly made this trip. Enquire about it.

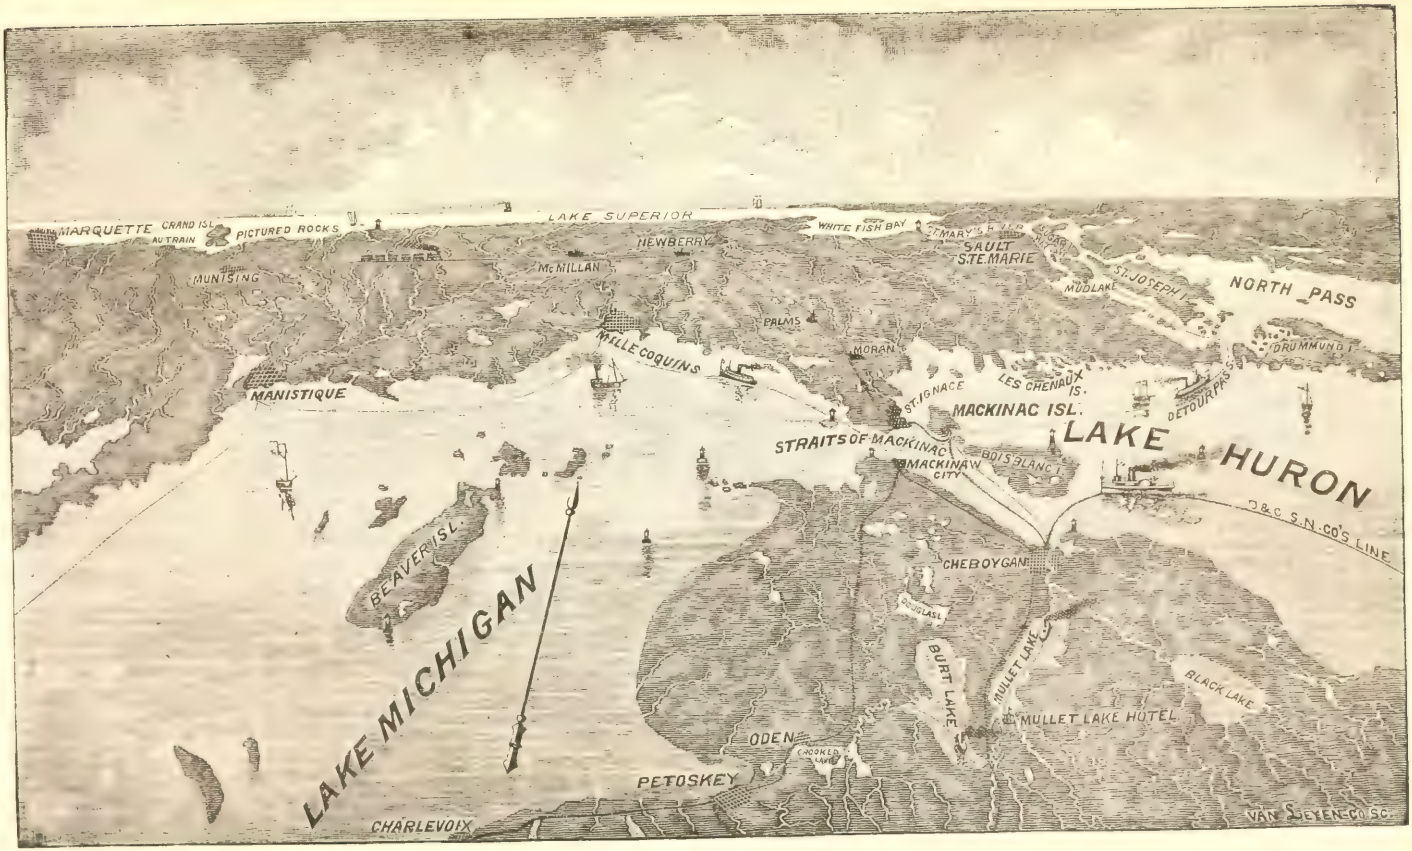
The Cost from Cleveland—This item has received our thoughtful consideration, and is the least possible to insure complete comfort, tickets covering transportation being only $5.50 one way, or $9.00 round trip; (half fare for children between five and twelve years of age.) Meals are 50 cents each; the same for children over three years old; under that age, 25 cents, and for the first table. The running time, Cleveland to Mackinac, includes five meals at 50 cents each, or $2.50 each way. Some passengers bring their own lunch. An upper berth of single width is $2.00, a lower berth of double width $3.00. Each room will accommodate three persons, by two occupying the lower berth. Put the items together, say for

	Single Trip.	Round Trip
Transportation	$ 5 50	$ 9 00
5 meals at 50 cents each	2 50	5 00
An upper berth for the trip	2 00	4 00
Total with upper berth	$10 00	$18 00
Extra for a lower berth	1 00	2 00
Total with lower berth	$11 00	$20 00
Two persons in one room	21 00	$38 00
Three persons in one room add the transportation and meals only for the extra person	8 00	14 00
Total cost, Cleveland to Mackinac, for three persons occupying but one room	$29 00	$52 00

This delightful trip by water of 940 miles in the round trip, occupies 4½ days, costing only $17.00 to $19.00, or about $4.00 per day. You cannot go anywhere and compass so much enjoyment and solid comfort by the way. By rail you reach Mackinac a few hours earlier possibly, which is all that can be said in its favor, and is of the least consequence when seeking, pleasure, rest and recreation. It is certainly hot and dusty, you are cramped for room, and the little strength you start with is likely to be used up, especially is this the case with ladies and children. A summer trip should be planned to get all the quiet and fresh air possible. Why do you leave home at all? Simply to reverse the excitement of business cares, the bustle, hurry and rush. Such complete relief is only found by taking a water trip, the scenery is varied and attractive, and there is ample time for a good look at every interesting object. One way by steamer would be better than all rail. The outside expenses by rail will pay the cost by water. Have you taken this view of the matter?

Steamers City of Detroit and City of Cleveland, which form the Lake Erie Division with a nightly service (Sundays excepted) leave Cleveland at 8.30 o'clock, arrive at Detroit the following morning at 5.30 o'clock. Returning, leave Detroit at 10.00 o'clock, arrive Cleveland 5.30 o'clock, standard time. The fare between the two cities is $2.25 single trip, which is one-half of rail fare, or $4.00 round trip. Upper berths are $1.00, lower berths, $1.50. Among the advanced steps taken by this Company is that of not including the cost of berths in the ticket fare, which happily disposes of the vexatious question, how to best care for the comfort of our patrons. Commercial travelers, usually confined to the hot, dusty, noisy rail car, avail themselves of the charming quiet, cool, fresh air and the luxury of a full night's rest afforded by this night line by water.

Passengers can time it to make close connections at Detroit with steamers City of Mackinac and City of Alpena, which form the Lake Huron Division and leave every Wednesday and Friday mornings at 9 o'clock, Monday and Saturday nights at 10.00 o'clock for Mackinac and principal Lake Huron ports. The quickest trip and closest connection is made by taking Steamer City of Cleveland Tuesday or Thursday evening from Cleveland. Breakfast on board before changing steamers.



MAP STRAITS OF MACKINAC.

Bird's Eye View of the famous Mackinac Region, showing the Water Route to Petoskey, Sault Ste. Marie and Lake Superior and the D., S. S. & A. R. R. to Marquette and Lake Superior.

The Cost from Detroit—Transportation is $4.00 single, or $7.00 round trip. The running time includes four meals at 50 cents, or $2.00 each way. An upper berth of single width is $1.00, a lower berth of double width is $1.50 for the trip.

Put these items together, say for

	Single Trip.	Round Trip
Transportation	$ 4 00	$ 7 00
4 meals at 50 cents each	2 00	4 00
An upper berth for the trip	1 00	2 00
Total with upper berth	$ 7 00	$13 00
Extra for a lower berth	50	1 00
Total with lower berth	$ 7 50	$14 00
Two persons in one room	14 50	$27 00
Three persons in one room add the transportation and meals only for the extra person	6 00	11 00
Total cost, Detroit to Mackinac, for three persons occupying but one room	$20 50	$38 00

A single individual desiring to occupy a room by himself, can arrange for it at an advance of the above prices. Meals and berths are arranged for exclusively by the company.

This delightful trip from Detroit to Mackinac by water, a distance of 740 miles in the round trip, occupying 2¾ days, costing only $12.50 to $13.50, or about $4.25 per day, is within the reach of a large number who make a practice of leaving home for a short time during the summer months.

It is not expensive by steamer.

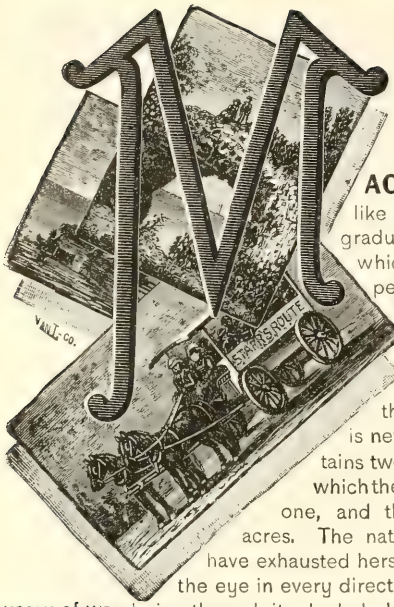
These steamers being side-wheelers and large, afford the utmost comfort.

Parties who intend taking the Wednesday or Friday morning steamer, and arrive in Detroit Tuesday or Thursday evening, will be accommodated with rooms for those nights without extra charge, if applied for early in the evening at the General Passenger office.

Probably no one Feature excites as much temporary curiosity in the mind of the newly arrived resorter as the hotel which is to become his temporary abode. At Mackinac he is conversant with its principal features even before reaching the dock, as the splendid caravansary which shelters most of the visitors at this most fashionable of all northern resorts, is its most prominent object as observed from the deck of an approaching steamer, and can be studied from several miles distant. "The Grand" is located on a bluff at the western end of the island, 200 feet above the lake, and faces the Straits of Mackinac. But partially completed for the season of 1887, it has since assumed the proportions contemplated by the original plans, and now represents an invested capital of $300,000. Its present season commences June 13th, and ends Oct. 1st. The rates, with but few exceptions, will be $3.00 to $4.00 per day.

"The Grand" is 650 feet in length and five stories in height, surmounted by a tall, commanding tower. Its architecture is of the "Old Colonial" style, the distinctive feature being a colonnaded portico, upon which the windows of every floor open. This portico is 22 to 32 feet wide, and extends the whole length of the house. The interior is well arranged and fully equal to every demand of the most fastidious taste. The lower floor is occupied exclusively by the dining hall, drawing room and private parlors, with the large rotunda office in the center. The dining hall is a mammoth apartment, capable of seating 600 people. It occupies the space of two stories, its vaulted ceiling being 27 feet overhead. The guest rooms are large, light and airy and sufficient in number to accommodate 1,000 persons. Each front suite is provided with a private balcony, a novelty peculiar to "The Grand." The hotel is lighted by gas and electricity, heated by steam, and provided with elevator and electric call and fire alarm bells. It is also supplied with barber shop, bath rooms, steam laundry and a first-class livery. A metropolitan orchestra is in attendance during the entire season. The grounds have been made very attractive and a casino constructed for indoor sports. The hotel is under the management of Mr. John O. Plank, lessee.

Arch Rock, from the Beach



MACKINAC ISLAND, the rock girt, fairy isle, sitting like an emerald gem in the clear, pellucid wave, rises gradually and majestically from the crystal waters, which cover but cannot conceal the glistening, white pebbly depths beneath. It is the central point of the three great lakes. It knows no land breeze, hence the winds are always cool and refreshing, and seem incessantly tossing balls at each other. They no sooner cease blowing from Lake Michigan than they come from Lake Huron, and Lake Superior is never behind in the contest. Mackinac Island contains two thousand two hundred and twenty-one acres, of which the national park comprises eight hundred and twenty-one, and the military reservation one hundred and three acres. The natural scenery is unsurpassed. Nature seems to have exhausted herself in the manifold objects of interest which meet the eye in every direction. The lover of Mother Earth will hardly grow weary of wandering through its shaded glens, and climbing over its rugged rocks, each day bringing to light some new object of beauty and interest. Longfellow, in his poem of "Hiawatha" has put into English verse some of its wild Indian legends, which people every rock and glen with spectral habitants. Hiawatha is the Mena-bosho of the Algonquins, and the Island of Mackinac was considered his birthplace.

If the poetic muses are ever to have a new Parnassus in America, they should certainly fix on Mackinac Island. Hygeia, too, should place her temple here, for it is one of the purest, dryest, clearest and most healthful of atmospheres. The Island shows unmistakable evidence of the water having once been two hundred and fifty feet above its present line. It is a mooted question whether the lake has fallen from its original level, or the island has, from some cause, been lifted up. Springs of water, clear and cold, may be found at the base of the high cliffs, and scattered through other localities.

Mackinac village is a perfect curiosity in itself. Situated at the foot of the bluff, upon the brow of which stands the fort, it extends for a distance of a mile along the beach. The buildings are a mixture of the modern and antique, some of which were brought from Old Mackinaw when the town and fort were removed from that point after the massacre of June 4, 1763. Many of the fences are of the original palisade style.

Schoolcraft, who visited it in 1820, says: "Nothing can exceed the beauty of this island." It is a mass of calcareous rock, rising from the bed of Lake Huron, and reaching a height of more than three hundred feet above the water. Some of its cliffs shoot up perpendicularly, and tower in pinnacles like half ruined gothic steeples. It is cavernous in some places, and in these caverns the ancient Indians were wont to place their dead. Portions of the beach are level, and well adapted to landing from boats. The harbor at the south end is a litt e gem. In it, vessels can anchor and be sure of a holding, and around it, the little old fashioned French town nestles in primitive style, while above frowns the fort, its white walls gleaming in the sun. The whole area of the island is one labyrinth of curious glens and valleys. Old fields appear in spots which were formerly cultivated by Indians. In some of them are circles of gathered stones, as if the Druids themselves had dwelt there. The soil, though rough, is fertile. The Island was formerly covered with a dense growth of rock maple, oak, iron wood, etc., and there are still parts of this ancient forest left, but all the southern limits exhibit a young growth. There are walks and winding paths of the most romantic character among its hills and precipices. From the eminences overlooking the lake can be seen magnificent views of almost illimitable extent.

Plummer's Lookout, Les Cheneaux Islands in the Distance.

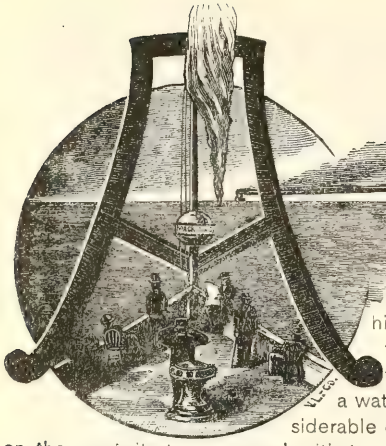
The late Dr. Drake says: "The island is the last, and, of the whole, the most important summer resort to which we can direct the attention of the infirm or the fashionable. The living streams of pure water, cooled down to the temperature of 44°, gush from the lime rock precipices, and an atmosphere never sultry or malarious, supersedes all necessity for nauseating iron, sulphur and epsom salts. As a health resort it is unsurpassed. Its cool air and pure water are just what are needed to bring back the glow of health to the faded cheek, and send the warm currents of life dancing through the system with youthful vigor." Its natural beauties and historic associations, together with the innumerable lesser attractions which cluster round about, serve to furnish visitors with so much entertainment and variety for either the robust or weakly ones, that ennui which eventually is felt at most resorts need not be experienced here. In Mackinac you eat with a new relish, and sleep like a child. You row, or ramble, scarcely able to keep your buoyancy within bounds. Dr. Mills, once post surgeon at Mackinac, says: "No better place can be found for sickly girls and puny boys, for worn out men and women, whether from overworked brain or muscle, or for those inclined to hypochondria. A change from the tiresome sameness of home scenes cannot fail to benefit all. From the hour of entering Lake Huron, your feelings will indicate that you have passed beyond the reign of miasma, fever, dyspepsia, blue devils and duns, and you look back upon the whole of them with gay indifference, or a feeling of good-natured contempt, as every turn of the steamer's wheel carries you farther into the temperate and genial climate of the lakes, and away from your perplexities. Under these influences real diseases may abate, and the imaginary ones be forgotten. In the celebrated white fish (classical name, coregonus albus, signifying food of the nymphs), is found a native whose acquaintance is liable to but one objection, that of destroying the taste for any other fish, and which, with the trout and potatoes of the island render all foreign delicacies superfluous. We would caution the gourmand, however, against an excessive use of trout, which are said to produce drowsiness, for those who visit Mackinac should be wide awake, lest some scene of interest should pass unobserved.

Besides the agreeable change of climate on reaching Mackinac, there is the new sensation to one who has not before enjoyed the novelty of an insular life, of having found an island retreat. To his jaded sensibilities all around him is fresh, a feeling of security comes over him, and when, from the rocky battlements of the fort, he looks down on the surrounding waters, they seem a bulwark of defense against the host of annoyances from which he has sought a refuge. Thus the curative state of mind begins to act on the body from the first moment, and this salutary mental excitement will not soon die away, for the historic associations, not less than the surrounding scenery, are well fitted to maintain it, and to make the invalid forget his ailments. Dr. Mann says, "A few whiffs of the air would make your lungs give a hygienic laugh. This air must have been left clear out of Eden, and did not get cursed. Children are crazy with animal spirits, and eat in such a way as to demonstrate the paradox that the quantity contained may be greater than the container." These extracts will no doubt meet with a hearty response from thousands who have visited Mackinac.

At watering-places generally, all the features of the surrounding scenery are soon familiarized to the eye, which then merely wanders over the commingled throngs of coquettes, dandies, dancers and idlers, and soon returns to inspect the real or fancied infirmities of its possessor. A visit to Mackinac reverses all this. The attractions of the surrounding region are of a different and more wholesome kind, and draw to them those who seek health and recreation, and offer a delightful hot weather asylum to all who need to escape from crowded cities or a sultry climate. Besides this, the voyage imparts a pleasing excitement to the faculty of observation, curiosity is stirred up to the highest pitch, and pleasantly gratified by the hourly unfolding of fresh scenes of nature, some new blending of land and water, a group of islands different from the last, or a shifting series of painted clouds seen in the kaleidoscope of heaven afford constant variety, while the frequent trips of the Detroit and Cleveland Steam Navigation Company's steamers enable you to return as soon as desired.

Constance Fennimore Woolson knew the charm of the place when she made it the scene of so many romances, among them being the novel "Anne," and the short sketches. "Flower of the Snows," "The Old Agency," "Jeannette," and "Fairy Island."

Jackson Village, as seen from the Gun Platform of the Fort



ALL OF NORTHERN MICHIGAN'S many attractions are within easy reach from Mackinac Island. The most important of these is **Petoskey,** a charming resort situated on the side of a high bluff near the head of Little Traverse Bay, which spreads out in the form of a half circle enclosed by high table lands and hills, and from the breezy heights in the rear of the town presents the appearance of a vast amphitheatre. The town numbers 2,500 souls, and has a water front of 1½ miles, to which a long pier gives considerable character and life. A lofty limestone cliff flanks it on the west, its top crowned with trees, among which may be seen the tents of many "campers out." Behind this rises an overtopping eminence, dotted with the pretentious villas of wealthy residents. From the verge of this cliff the view is superb. Five miles distant is the ridge of hills that lines the opposite shore of Little Traverse Bay. These sweep in a symmetrical curve around the head of the bay, and follow up the hither shore until they rise and terminate in high cliffs. The white line of pebbly beach which stands out so prominently against the green of the hills now takes an abrupt turn to the left, and forming a crescent two miles long, ends in a wooded point.

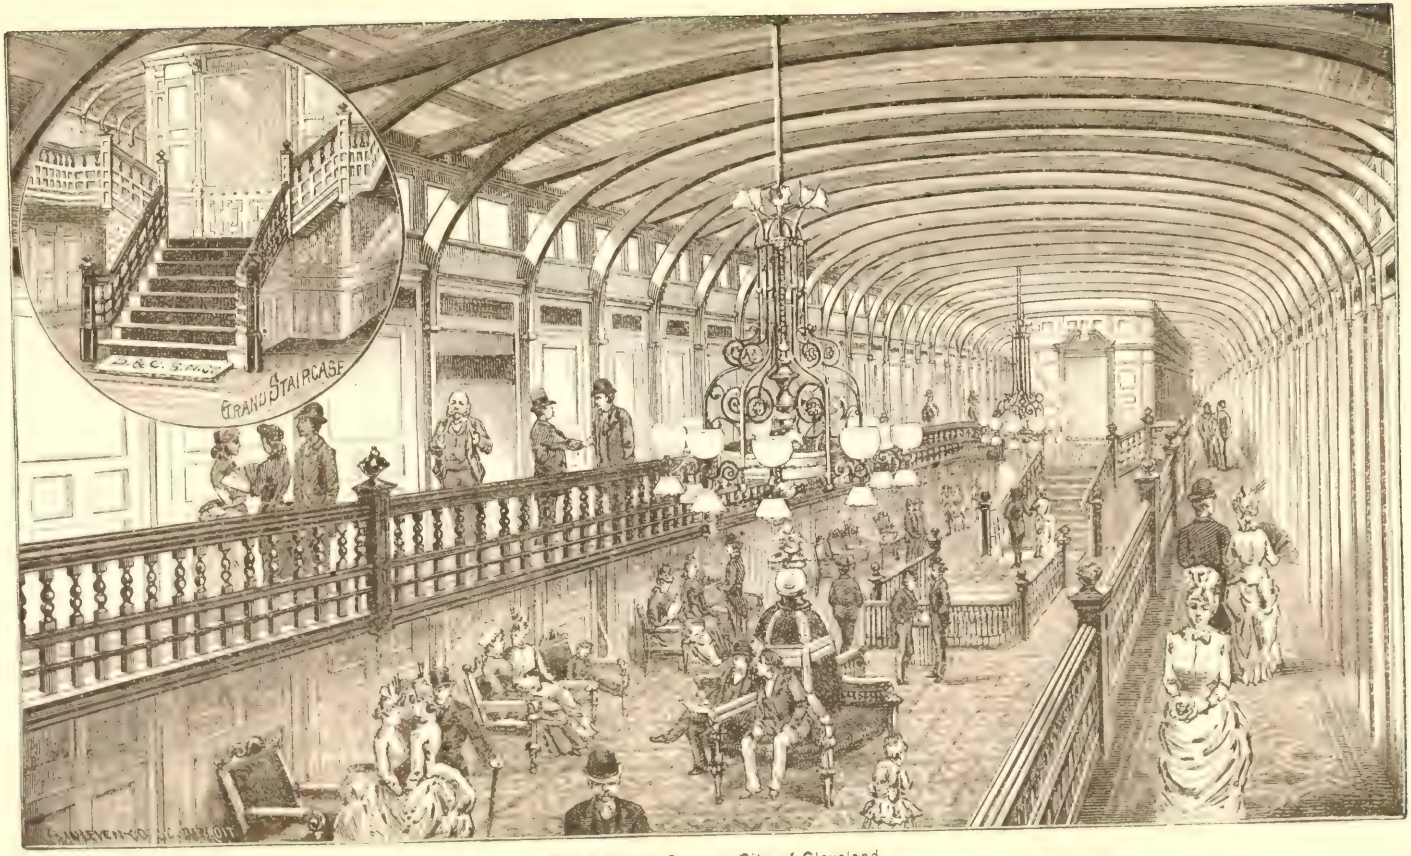
No summer resort or watering place on the continent can boast of purer air, fresher breezes or better hotels. Facilities for recreation are also good. The woods abound with game, and the lakes and rivers are full of fish. Boating on the bay and short excursions by steamer or railroad may be indulged in at all times. Owing to the salubrious climate and central location, the Western Hay Fever Association makes its headquarters here.

Petoskey is connected with Mackinac by daily steamers via Lake Michigan or the picturesque Inland Route, also by the Grand Rapids & Indiana Railroad.

Bay View, the Methodist camp ground, lies two miles further up the beach. This resort is owned by the Michigan Camp Ground Association, and is the Ocean Grove and Martha's Vineyard of the north, combined in one. The location is beautiful, and no expense or pains have been spared in improving all its natural advantages. The land rises in natural terraces from the bay to the ridge of the hills, and affords delightful sites for the cozy and picturesque residences of which glimpses may be caught through the trees. Clear, cool water has been brought to these cottages through pipes from a never failing spring further up the hill side. Though but a few years have passed since the location of the grounds, Bay View has become immensely popular, especially in the east and south.

Harbor Springs lies six miles further round the shore of Little Traverse Bay. It is located on a beautiful harbor (Wequetonsing) one mile in length by one half mile wide, formed by the crescent of Harbor Point. The pebbly beach is washed by waters of such crystal purity that fish and other objects are plainly visible at a depth of 30 to 50 feet. Along the water's edge are large springs from which gush streams of water as clear as air and of a temperature only 12 to 15 degrees above freezing point. Back of the town the bluff rises about 100 feet, and on the plateau above are fine building sites. The history of the place is full of interest. Pieces of pottery show that it was once a stopping place of the ancient mound builders, and for ages it was a favorite camp ground for the Indians. It was for many years a central point for the payment of annuities, and as a trading post ranked next to Mackinac. Many curious legends are extant, the most prominent regarding Devil's Pond, a small pool which cannot be filled up. Strangers always visit the antiquated Catholic church, founded more than 200 years ago by Marquette.

The Harbor Point Resort, directly opposite, is singularly favored. The strip of rolling land on which it is situated is scarcely a stone's throw in width, and while on the outer



Grand Saloon Steamer City of Cleveland.

shore the heavy surf of Lake Michigan rolls grandly over the finest bathing beach on fresh water. the children may with perfect safety paddle about the harbor within, that sheet of water being perfectly calm in the heaviest weather. Besides the large amusement hall which stands high above the beach on the breezy Lake Michigan side, the resort includes numerous cottages, which are provided for such of the guests as prefer the seclusion of their own roof. These are snugly placed in the thickly wooded groves, and are very inviting.

The scenery from the point is truly beautiful. On the inner side the glassy surface of the water reflects on its placid bosom the drifting clouds, trees and many floating things, until one grows giddy with the mirage; on the outer, the long swells and spicy breezes come swiftly in from a hundred mile journey across the lake, while the eye takes in with one glance the whole of Little Traverse Bay, with its long sweep of wooded hills and Petoskey and Bay View on the opposite shore.

These Resorts are in hourly communication with Petoskey by boat and rail, or can be reached direct from Mackinac by the Lake Michigan steamers.

Charlevoix lies 18 miles below Petoskey, on the Lake Michigan shore. This beautiful little town is situated on both sides of a short strait, the outlet of Round and Pine Lakes. It is a most picturesque spot, and serves as a rendezvous for the army of summer visitors who annually cast their lot among its many lakes, streams and forests. Further up, the handsome grounds and residences of the Kalamazoo and Chicago Resorts, which occupy the north and south shores respectively, provoke many expressions of amazement and admiration as the steamer passes on her way to Pine Lake, whither she goes to turn about.

Traverse City, lying at the head of Traverse Bay, about a day's run from Mackinac, is a favorite resort.

A Trip to Chicago and Milwaukee, via Mackinac Island, embraces all the features of the Lake Michigan shore, and is most enjoyable, if the tourist be not pressed for time.

The Inland Route is undoubtedly the most interesting one between Mackinac and Petoskey. Nothing short of a water trip through the heart of Florida can compare to this wonderfully novel route by crooked rivers and lovely lakes, across the northern end of Michigan. Even with the former the comparison ends here, as the salubrious climate and the high forest grown shores are lacking. The little steamer "Mary" leaves Mackinac at 7 o'clock, Cheboygan at 9 o'clock, every morning. and after picking her way among logs and booms, past saw mills and through the lock, steams up the crooked Cheboygan to Mullet Lake. A most beautiful landscape now bursts upon the view, far surpassing the most lurid description. The lake is 12 miles long by 5 wide, with a charming ruggedness of outline, caused by the thickly wooded hills which completely encircle it and form its shores. A beautiful azure sheen of its own throws a dreamy haze over the whole, which the mind is unwittingly comparing with Ireland's Lakes of Killarney. Topinabee is situated at the further end, and here the passengers debark for dinner. The Michigan Central R. R. has a station here, and it is also a favorite spot for cottagers and campers. After dinner the steamer "Northern Belle" takes up the journey, and we worry through Indian River, past a village of the same name, and into Burt Lake, the lower end of which we cross. This lake is 10 miles long by 5 wide, and has thickly wooded shores, along which many tents may be observed. We now enter Crooked River. the shallowest and most crooked of the three, and although the steamer, draws but thirty inches of water, it is only by a constant succession of twists and turns, scrapes and pushes and stops and backs that we get through to Crooked Lake, where after a run of three miles, we tie up to the wharf at Oden, having passed an exciting and highly interesting day. A dummy awaits our arrival and starts immediately on the eight mile run to Petoskey, where we arrive in season for supper.

Marquette, the metropolis of the Lake Superior country, is a very handsome city. Its business portion displays great activity and metropolitan tastes, and though lying in a valley, is well situated to command the harbor. Its residences, which are exceedingly beautiful, are placed high up on a bluff to the north, and command a view of the lake for 30 miles, a distance made possible by the exceedingly pure and rare northern atmosphere. While its salubrious climate, pure water, fresh air and central location combine to make it a capital base of operations for all the lovers of the rod and gun who visit these natural game preserves, it possesses no small attractions within itself. Speckled trout may be

caught in the streams near by, while in the bay lake trout of 20 to 30 pounds in weight furnish exciting sport. The hotels are of the best, and everything necessary for hunting and fishing may easily be obtained. Marquette is best reached by the Detroit, Mackinac & Marquette R. R., whose route from St. Ignace is through the heart of the upper peninsula.

The Trip to the Soo is worthy of note. The steamer, after rounding Mackinac Island, follows the northern shore of Lake Huron as far as Detour, at the entrance of the St. Mary's river, where the real interest begins. The river is 62 miles long, and is composed of a succession of beautiful straits and broad lakes. It is almost entirely shut in by high hills, which rise from the water's edge. In the many beauties and eccentricities of the stream and its outline, it is freely compared to the Hudson and other famous rivers. The channel is narrow, crooked and shallow, however, and must be passed by daylight. This is usually accomplished at dawn, this line being the only one which makes it at midday. The river is full of islands, and there are many popular hunting and fishing resorts along its course, among which may be mentioned Lime Island and Sailors' Encampment.

Sault Ste. Marie, 55 miles from Lake Huron, is reached about two o'clock in the afternoon. It is a city of 3,000 inhabitants, and one of northern Michigan's principal attractions. There is much of interest about the old place. It lies on the left bank of the river, just below the famous government ship canal, built for the purpose of passing the St. Mary's rapids. The lock of this canal is 650 feet long by 80 feet wide, and has a lift of 18 feet. Considerable tonnage may therefore pass through at one time. The experience of passing through this lock is very exciting, the view grand. As the steamer rises with slow but majestic power, the American and Canadian villages, the old fort, the unused Canadian lock, and last but not least, the foamy and mist enveloped rapids come within the range of vision, and form a never-to-be-forgotten picture. An inspection of the government works well repays the trouble. The immense and perfect structure of masonry, the water power which runs all the machinery necessary to operate the monster gates of the lock, and the dynamos which furnish the electric lighting, are perfect in all their details, and well display man's ingenuity. The rapids are a source of much curiosity and awe, and to "shoot" them in an Indian canoe is the acme of delight to the adventurous. Fort Brady, erected in 1823, is an old and important U. S. military post. Speckled trout are found in several streams in this vicinity, and the river itself affords good fishing, especially among the islands on the Canadian side. The woods are well stocked with game of all descriptions. The great sport, however, is the spearing of whitefish at the foot of the rapids. Indians are constantly engaged in this exciting business, but very few visitors are able to acquire the facility necessary in handling the spear.

A Week's Vacation may be made to compass the most enjoyment at the least expense, by taking the City of Mackinac from Detroit Saturday night, the Inland Route from Cheboygan Monday morning, the Grand Rapids & Indiana R. R. from Petoskey Tuesday evening, the Soo steamer from Mackinac Thursday morning, and the Steamer City of Alpena for home Saturday evening. This enables one to take in the beauties of the Inland Route and Soo river, spend one day each at Petoskey, Mackinac Island and Les Cheneaux Islands, and arrive home in time for business the following Monday morning.

The Detroit and Cleveland Steam Navigation Company's

CHICAGO AND MILWAUKEE LINE.

Via Lake Michigan and Lake Superior Transportation Company's Steamers from Mackinac.

THROUGH TIME TABLE.

Leave Cleveland,	.....	Tues.	9.00 P. M.					Fri.	9.00 P. M.		
Leave Detroit,	.....	Wed.	9.00 A. M.					Sat.	10.00 P. M.		
Arrive Mackinac,	.....	Thur.	5.30 P. M.					Mon.	7.00 A. M.		
Arrive Mackinac,	.....	Thur.	10.00 P. M.		Fri.	7.00 P. M.		Mon.	10.00 A. M.		Mon. 7.00 P. M.
